

PRECINCT BREWING CO.

We've transformed an old workshop into a space for catching up, hosting community events, or just having a quiet one. Our interiors blend polished concrete, open-air ceilings, and transient artworks to create a brewery that is contemporary breezy and welcoming.

A fully working brewery onsite, beers on tap, a restaurant, and ample communal spaces, we welcome you to kick off your shoes (or not) and make yourself at home!

THE PLACE TO BE.
